Subhradip Subhradip

CAREER OBJECTIVE

Aspiring MERN Stack Developer with an MCA degree and practical experience in full-stack web development. Eager to contribute to innovative projects while continuously enhancing technical expertise.

PROJECTS

Online Shopping Portal

React, Node.js, Express.js, MySQL, Tailwind CSS

2026

- Developed a full-stack e-commerce application with product search, filtering, cart, wishlist, orders, and reviews.
- Built REST APIs using Node.js and Express.js with MySQL for data storage and management.
- Implemented JWT-based authentication with user registration, login, and protected routes.

Job Portal

React, Node.js, Express.js, MySQL, Prisma, Tailwind CSS

2026

- Developed a full-stack job portal with job search, filtering, job posting, and application management.
- Implemented JWT authentication, role-based authorization, and REST APIs using Express.js and Prisma ORM.
- Implemented separate job seeker and recruiter roles with resume management and job application tracking.

Online Blog System

React, JavaScript, Tailwind CSS

2025

- Developed a responsive frontend blog application using React and Tailwind CSS with reusable components.
- Implemented blog browsing, category-based content display, search, and responsive layouts.
- Implemented reusable UI components for blog posts, navigation, and category-based content organization.

Personal Portfolio

React, JavaScript, Tailwind CSS

2025

- Built a responsive portfolio website to showcase projects, skills, education, and contact information.
- Designed reusable React components with responsive layouts using Tailwind CSS.
